

Socratic Ethics

Nathan Chen

Why do you do what you do?

Means And Ends

Not Happiness

→ 2 → 3 → 4 → ... → 100 =

Happiness

A → B → C → D → ... → Z = Happiness

Sandy 20 years later

- Insecure Squirrel
- Thinks about this everyday
- Can't tell her kids
- Can't tell her friends
- Can't tell her parents
- Turns out she isn't experiencing happiness

2005 US Recidivism

- 68% of 405,000 prisoners were arrested for another crime within 3 years
- 77% within 5 years
- 83% within 9 years

Norway

- 20% Recidivism
- Less than 4,000 vs. US' 2.3 million
- Why?

What Does This Show?

- People follow the wrong paths toward happiness
- Some more extreme than others
- The only way to change someone's path is education
- $6 \times 6 = 35$

Punishment

Why?

Socrates Determinism

- Things weren't predetermined
- No god sat down and set everything up

Action = Desire + Belief

Pearl is on a swim team

Desire = Wants to swim fast at a meet

Belief = ?

Everybody makes Mistakes, Everybody Has Those Days

Knowledge, Courage, Justice, Obedience, Wisdom

- Interchangeable
- Happiness: Knowing what things to trade in life

How Likely
